Precision gears for  
historic cars and motorsport

Drive Optimised - Performance Unleashed

## Increased Power Capacity / Alternative Ratios

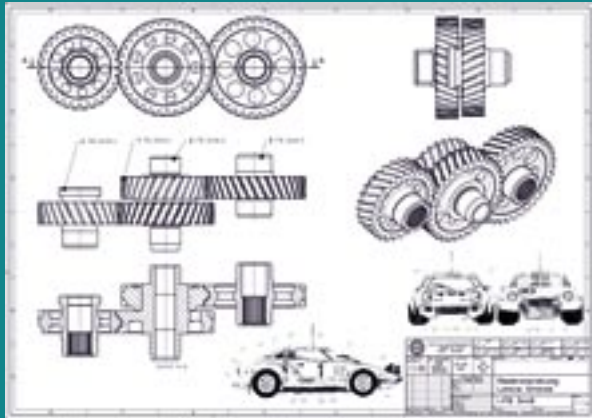

Gears from TANDLER give owners of historic cars the opportunity to increase the power capacity, specify alternative ratios or reproduce original components. At TANDLER all production processes, including heat treatment are carried out in house.

We produce gears and associated components either to drawings or to your samples.

## WHETHER FOR MOTORSPORT OR THE LEISURE DRIVER:

### OUR CUSTOMERS ALWAYS GET RELIABLE QUALITY

In the 50's and 60's TANDLER grew into a major gear producer for the Bremen based car manufacturer Borgward.

Today TANDLER'S production is primarily for special machines and is renowned for innovation, precision and high quality.

We can produce for your individual requirements either as „one offs“ or small batch quantities.
